President's Logo

Below is the logo I designed for this year's biennium. The green alludes to Athena, the goddess of wisdom and the gold is reminiscent of one, the light that we hope to keep alive in our sisterhood and ourselves and two, the goddess, Demeter, as we sister educators sow the benefits of knowledge and experience in our community. The different colors of connected individuals represent the respect and appreciation we have for the many diverse ideas and individuals in Alpha Delta Kappa. As I pondered what elements to include, I kept returning to why I joined in the first place, and it was about the connections I made locally, statewide, and even internationally. Unfortunately, one of the casualties of the pandemic was that some of those connections to our sisters were set adrift. My call to you, my sisters, is to focus on rebuilding those connections and cast your net wide to build new ones as well.

Quote

“I define connection as the energy that exists between people when they feel seen, heard, and valued; when they can give and receive without judgment; and when they derive sustenance and strength from the relationship.” ~ Brene Brown
