

Delaware Alpha Delta Kappa State Membership Chair Biennium Report 2020-2022

It has truly been an interesting time to be on the Alpha Delta Kappa state board the past two years. In spite of the difficulties, our chapters have continued to do an awesome job completing membership tasks. The position of state membership chair is still open. I would encourage anyone to step up and fill this position. By becoming SMC, I have had the opportunity to grow in my knowledge of the organization and to know and enjoy, not only our state board members, but the membership chairs from each state in the North East region. The women in our organization are caring, helpful and energized!

As Membership Chair, I completed my duties by:

- Researching, reporting and piloting ways to retain and recruit new members
- Attending state and regional meetings via zoom
- Providing Membership training for chapter chairs
- Facilitating and monitoring chapters' progress on CNAs
- Completing record keeping and reports

IF you love Alpha Delta Kappa, please consider this position. It is a huge learning experience as well as an incredibly fulfilling endeavor.

Respectfully Submitted,

Julie Beebe
