

***Delaware Alpha Delta Kappa
Report of the President-Elect 2020-2022***

As President-Elect I attended Executive Board Meetings on Zoom and assisted the Co-Presidents as needed. With Covid restrictions in place, our Delaware Alpha Delta Kappa activities were extremely limited.

Moving forward, I recommend that we address the problems associated with Zoom meetings for those sisters that are not familiar with this technology, as well as the issues meeting in person will have with sisters who are uncomfortable with socializing in light of Covid's continued threat.

During the 2022-2024 biennium, the focus should be on COMMUNICATION. Multiple avenues of communication should be explored, as well as frequent contact with members.

It has been an honor to be part of the Delaware Alpha Delta Kappa Executive Board during the 2020-2022 biennium.

Respectfully submitted,

*Tanya Humes
Delaware AΔK President-Elect 2020-2022*
